

HIRE OR PURCHASE – YOUR SERVICE OFFERING.

Your Site, Your Way

We are committed to giving you dedicated service and support with your products, however you choose to interact with us. Our team’s decades of skill and experience means we work with you to get a tailored outcome that best suits you and your site.

Deciding how to procure from Solar Gates depends on what best suits your site’s unique requirements – there’s no one-size-fits-all solution. We leave that decision in the hands that know it best – yours.

So you can make an informed decision and make sure you get the best possible service from us, the following is a straightforward comparison to highlight the main differences between hire and purchase.

HIRE OR PURCHASE – YOUR SERVICE OFFERING.

Your Site, Your Way

Choosing to Hire:

Enjoy peace of mind with comprehensive support, regular maintenance, pro-active battery maintenance, telematics, servicing as well as an unlimited warranty. You receive access to the latest models free from the commitment of ownership and benefit from adaptable terms to suit your project's duration and requirements.

Opting to Purchase:

Gain complete control over your equipment, including maintenance. You will receive full installation and training to get you started and **FREE technical support, via our Telephone Support service, is always available.**

If you need more training, or you encounter issues with your Solar Gates product, we can help. But any additional support that's outside of your service plan comes at a cost.

To make sure Solar Gates equipment is in line with the **Provision and Use of Work Equipment Regulations 1998 (PUWER)*** mandate we recommend a purchasing service plan alongside the units(s).
